The Department of Biology at the University of Utah invites applications for a tenure-track faculty position at the Assistant or Associate Professor level in Cell Biology. We are seeking applicants addressing fundamental questions in cell biology using model and non-model organisms from all taxa. In addition to developing a vigorous independent research program, the successful candidate will be expected to contribute to the Department’s interdisciplinary teaching mission at the undergraduate and graduate levels.

Please visit http://www.biology.utah.edu/ for an overview of the department. The University of Utah provides exceptional opportunities for collaboration in research, education and outreach across departments in several colleges.

Please attach a cover letter, curriculum vitae, up to four publications, description of current and future research interests, statement of teaching interests, and the names and e-mail addresses of three references. Letters of reference should be submitted online or by post to: Cellular Biology Search Committee
